

Waratah Local Centre Upgrade

Waratah Local Centre is set for an upgrade. This renewal is part of City of Newcastle's commitment to developing vibrant, safe and active public places.

In May – June 2022, we asked for community input on what you value most about the Waratah local area, what needs improving, and what you would like to see more of.

Here's what you told us:

Overall, there is strong community support for the planned upgrade to Waratah Local Centre.

**What do you
value most
about
Waratah?**

- The things you value most about the Waratah Town Centre are its **location, businesses, shops & services, family and community orientation and public transport accessibility.**

**What do we
need to
improve?**

- You told us it's important to improve the **look and feel of the area, pedestrian safety, access and connectivity, and add more street trees.**

What's Next?

Your feedback will be used to help us develop the draft Public Domain Plan (PDP) for Waratah Local Centre. Once this has been developed, the draft document will be placed on public exhibition for further comment and community feedback.

Thank you for your feedback, and please keep an eye on Newcastle Have Your Say for further information over the coming months.
