- Tree protection area - ground cover planting
- Enhanced Steel Street entry with floral garden beds
- Re-aligned path with seating opportunities
- New tree planting
- Upgraded existing amenities building providing disabled access and facilities

## LEGEND

- ① Arrival / Orientation space with bike racks and bench seat
- ② Palm grove - Lookout deck/ resting point with sensory play ●
- ③ Refurbished amenities building with relocated picnic & BBQ area
- ④ Elevated walkway over swale
- ⑤ Discovery trail with sensory poles & interpretive element
- ⑥ 'Meeting Place' & Bushtucker garden
- ⑦ Climbing net structure
- ⑧ Play mound with slide, handholds, ropes & trampolines
- ⑨ Whizzer spinner & disable-accessible spinner
- ⑩ Seating wall
- ⑪ Small picnic setting
- ⑫ 3-Seater Swing and seesaw
- ⑬ Maddie's bench
- ⑭ Water & Sand play
- ⑮ Tunnel and Balance obstacle course
- ⑯ Shade sail
- ⑰ Bicycle racks
- ⑱ Drinking fountain

- Existing trees
- New tree planting
- New low shrub & groundcover planting
- New swale and wetland planting
- New turf areas
- New concrete circulation loop path
- Decomposed granite area
- Playmulch area
- Rubber softfall
- Informal and formal seating
- New bin station

Swings

3 Seater Swing frame with Basket swing, strap seat and toddler seat

Spinning & Rocking

Accessible Spinner

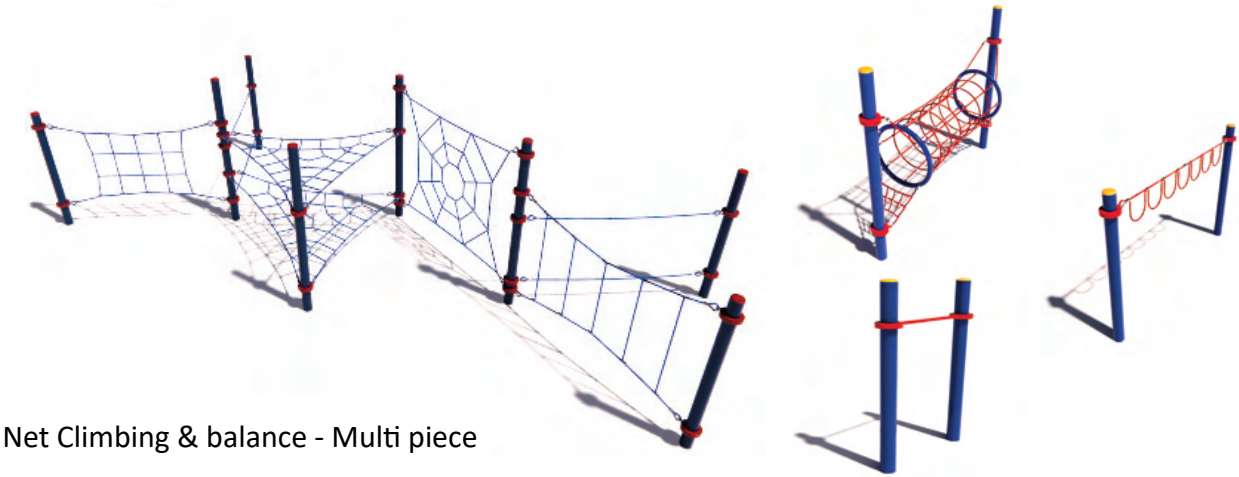

Whizzer for spinning

Sawsee Rocker

Climbing and balancing

Net Climbing & balance - Multi piece

Balance & Crawling Obstacle course

Concrete Pipes - with painted highlights or inserts / cut outs

Hard wood timber beams & sandstone blocks

Play mound & trampolines

1.5m high by 1m wide embankment slide

Climbing Hand & footholds

Hill Climb Ropes

Balance & Climbing Domes

Double Trampoline

Sand & Water play

Sand Silo

Sand Channel with membrane wheel

Sand Mill Wheel

Water Pump

Sandstone blocks with cut water channel

Water sluice gate

Pebble mosaic insert in former water channel

Sensory Play & Nature play

Voice Tubes

Sound Cubes

Stone boulder bed

Sensory Hardwood Poles

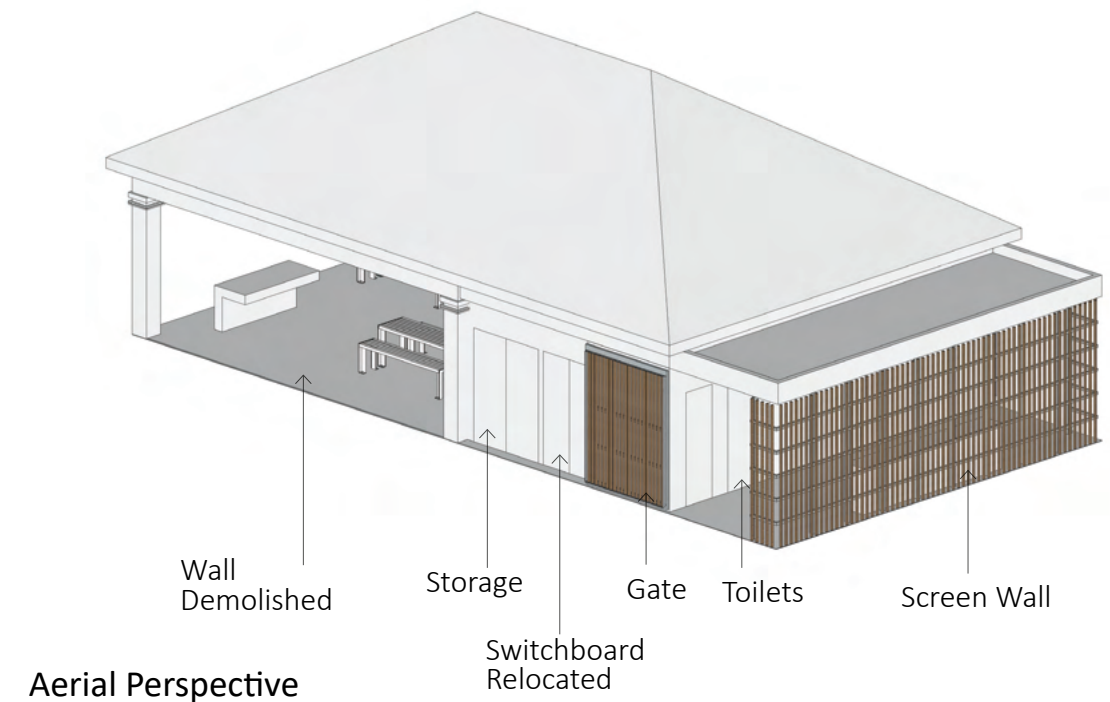

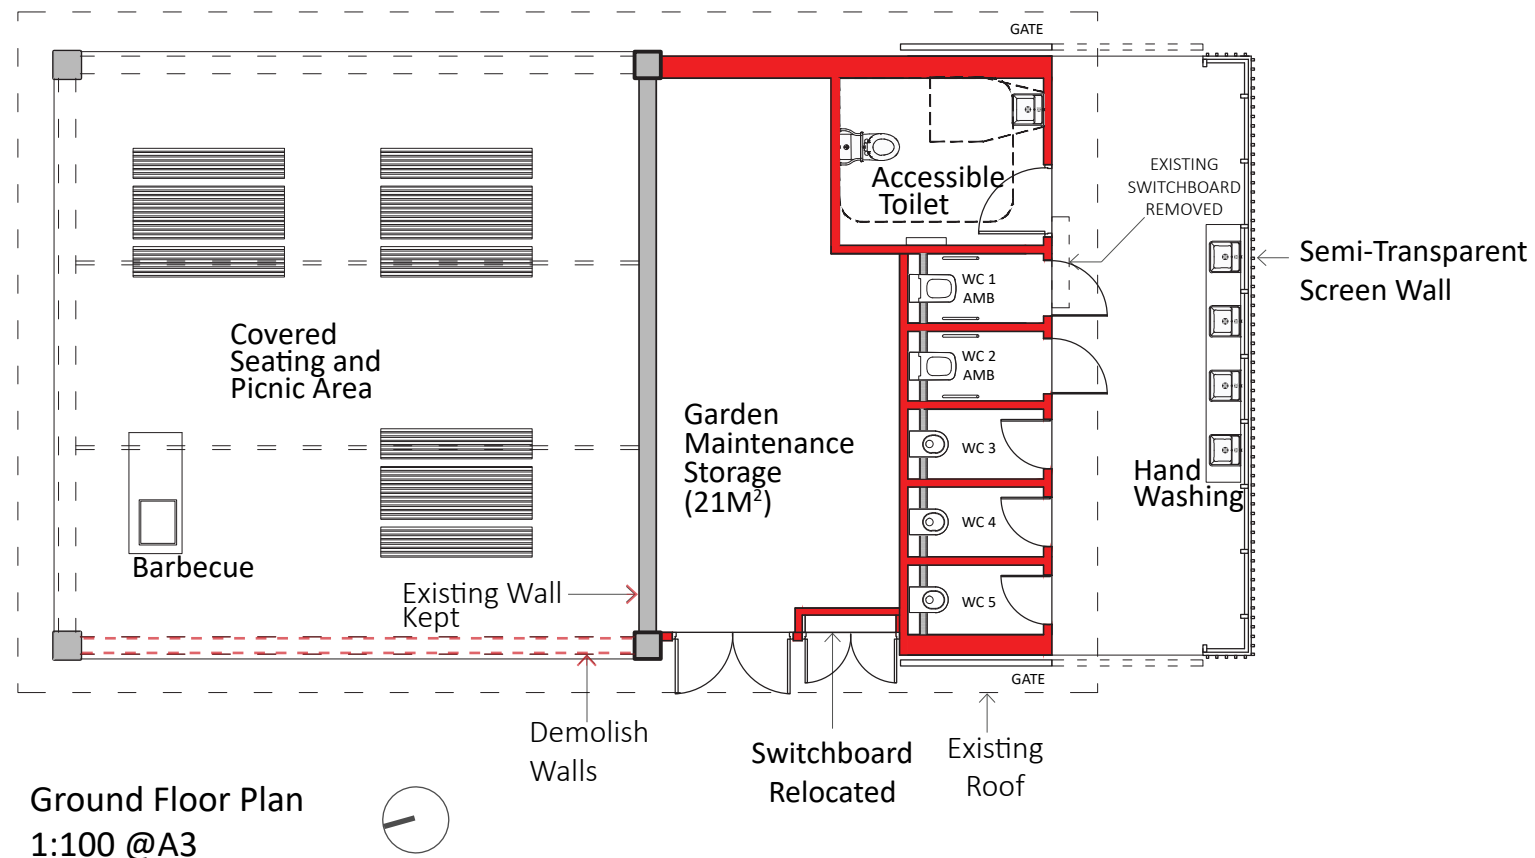

Telescope

Interpretive inserts & Carvings & Patterns

### Design Rationale - Alterations to Existing Building

- Demolish external west solid wall to recover sense of original open-sided pavilion and enhance light and views
- Provide Garden Storage within existing building envelope and provide separation between open pavilion and toilets
- Building extension to south for Toilets
- Provide semi-transparent external screen walls to toilets :
  - To allow overlooking and supervision of toilet entries
  - Can be secured after hours
  - Provide generous natural light and ventilation
- Shared public hand washing areas with views to south, east and west
- 5 Cubicles plus unisex accessible toilet
